Membership gives you the privilege of: using the equipment at any time outside of regular class hours while classes are held outdoors – having first priority in participating in events such as demonstrations, the K-9 Kup, clinics and extra training session – voting on club issues at WAG General Meetings.

Please Note: Beginner 1 and 2 students are **NOT** allowed on the training field with their dogs without an instructor being present. They will receive all other benefits of membership – lower class fees, discounted clinic fees – but cannot use the field until they have completed the Beginner level classes.

Members must agree to volunteer in some capacity as part of their membership commitment. The club is volunteer-based to ensure that lesson costs are minimized and proceeds from club fees and events are used to assist in purchasing new equipment, maintaining existing equipment and facilities, subsidizing the cost of renting the indoor winter facility and the cost of instructor training.

NOTE: There are no refunds of the membership fees.
